

IMPACT REPORT – 2022

THE MISSION

To provide financial support to young adult cancer survivors preserving fertility or creating a family through adoption, fertility treatments or surrogacy.

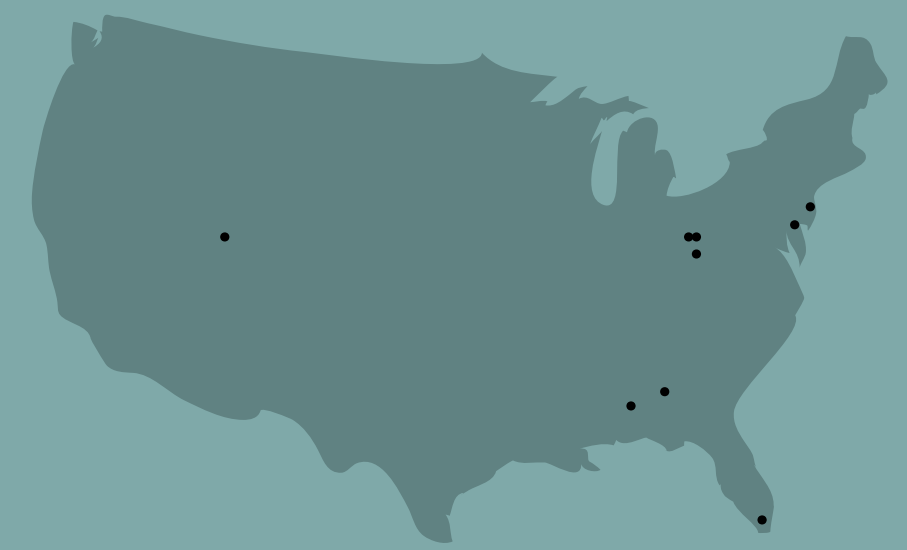

THE WHY

- 73% of Americans DO NOT have their fertility treatment paid for by insurance.*
- 90% of employers DO NOT provide adoption assistance.**
- Young adult cancer survivors have \$100K less in net worth compared with peers.***

9 GRANTS AWARDED SO FAR THIS YEAR

- 1 Couple Awaiting an Adoption Match
- 3 Women Freezing Eggs
- 1 Man Freezing Sperm
- 1 Couple Pursuing Surrogacy
- 2 Couples Preserving Embryos
- 1 Couple Undergoing IVF

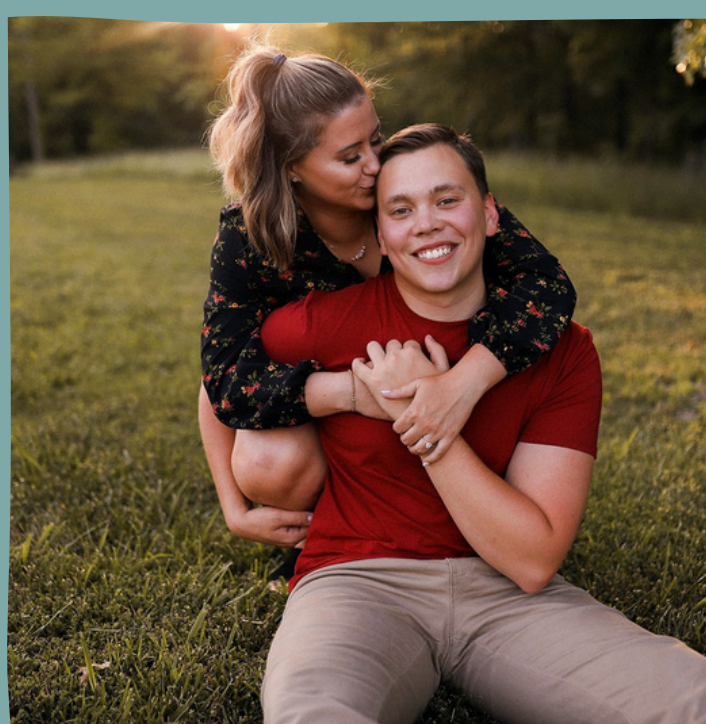

GRANT RECIPIENT TESTIMONIALS

"Worth the Wait has given us so much renewed hope in our adoption journey. The financial assistance is so greatly appreciated, but far beyond that, this grant has truly given us the hope and strength we need to continue to wait for our baby!" – Marlee and Taylor

"My fiance and I are truly fortunate to have Worth the Wait's compassion and support to carry out our dreams to become parents."
–Morgan R.

- Average grant amount: \$3,000
- No grant recipient has insurance or employer assistance
- Supporting young adult breast, ovarian, sarcoma, liposarcoma and blood cancer survivors.
- Age of grant recipients 14–38.

"What's refreshing about Worth the Wait is it's not just for fertility preservation but also when patients are wanting to start a family after treatment." – Kate, Oncofertility Nurse Practitioner
